SAVE BIG IN FOUR EASY STEPS

1

Buy qualifying FMC products from your distributor — we keep track of rebates for you.

See the next page for a full list of qualifying products. →

2

Earn at least \$100 in rebates to get a check at the end of each six-month rebate period.

Period 1 lasts from **October to March**, with checks issued by June 30.

Period 2 lasts from **April to September**, with checks issued by November 30.

If you haven't reached \$100 by the end of Period 1, your total rolls over into Period 2. All base rebates are reset when a check is issued or at the start of a new program year.

3

Multiply your rebate savings by earning more and reaching new tiers during a rebate period.
